

Q 1. Can you provide the preliminary project budgets for Concourse A expansion and the FIS Station?

A 1. Current Estimates are \$80-\$100M for Concourse A, \$20-\$25M for the FIS.

Q 2. Can you clarify the projected construction start date for the Concourse A expansion? Will construction begin in late 2019 regardless of the status of FIS station?

A 2. The construction start date for Concourse A is dependent upon funding for both the concourse work and the adjacent apron expansion work (separate contract). Preliminary projections for the start of construction are Q1 or Q2 2020.

Q 3. Can you clarify the projected construction start date of the FIS Station?

A 3. The construction start date for the FIS is dependent upon funding and engagement by the final user of the space. Possible construction start dates range from Q4 2019 to any time in 2020.
